

One simple product can enhance the maintenance of clean and healthy air in your surroundings.

Kanberra Gel contains Pure Australian Tea Tree Oil, which is a completely natural product obtained by steam distillation of the leaves of "*Melaleuca Alternifolia*" a natural plant species native to Australia.

Tea Tree Oil is a proven natural broad spectrum fungicide / germicide / biocide which is very effective against a wide range of bacteria, yeast's, molds and fungi at low minimum inhibitory concentrations (MICS)

Kanberra Gel is packed into sealed, drip free, plastic containers in various sizes. Simply insert the larger containers in an air-handler unit and place the smaller sizes on any flat surface around your home, office or vehicle. The Gel will dissipate into the air and neutralize any odors or leave a very pleasant Eucalyptus & Lemon-like scent throughout the surroundings.

Kanberra Gel contains 10% of the finest pharmaceutical graded Tea Tree Oil.

Schedule of minimum inhibitory concentration of Tea Tree Oil

Gram – ve

Legionella spp. 0.15 - 1.0

Bacteria

Enerobacter 0.3
 Eschericia coli 0.3
 Klebsiella Pneumonia 0.3
 Proteus vulgaris 0.2 – 0.3
 Pseudomonas putida 0.5
 Serratia marcescens 0.2 – 0.3

Aspergillus niger 0.3 – 0.4
 Candida albicans 0.2
 Trychophyton mentagrophytes 0.3 – 0.4

Gram + ve

Bacillus cereus 0.3

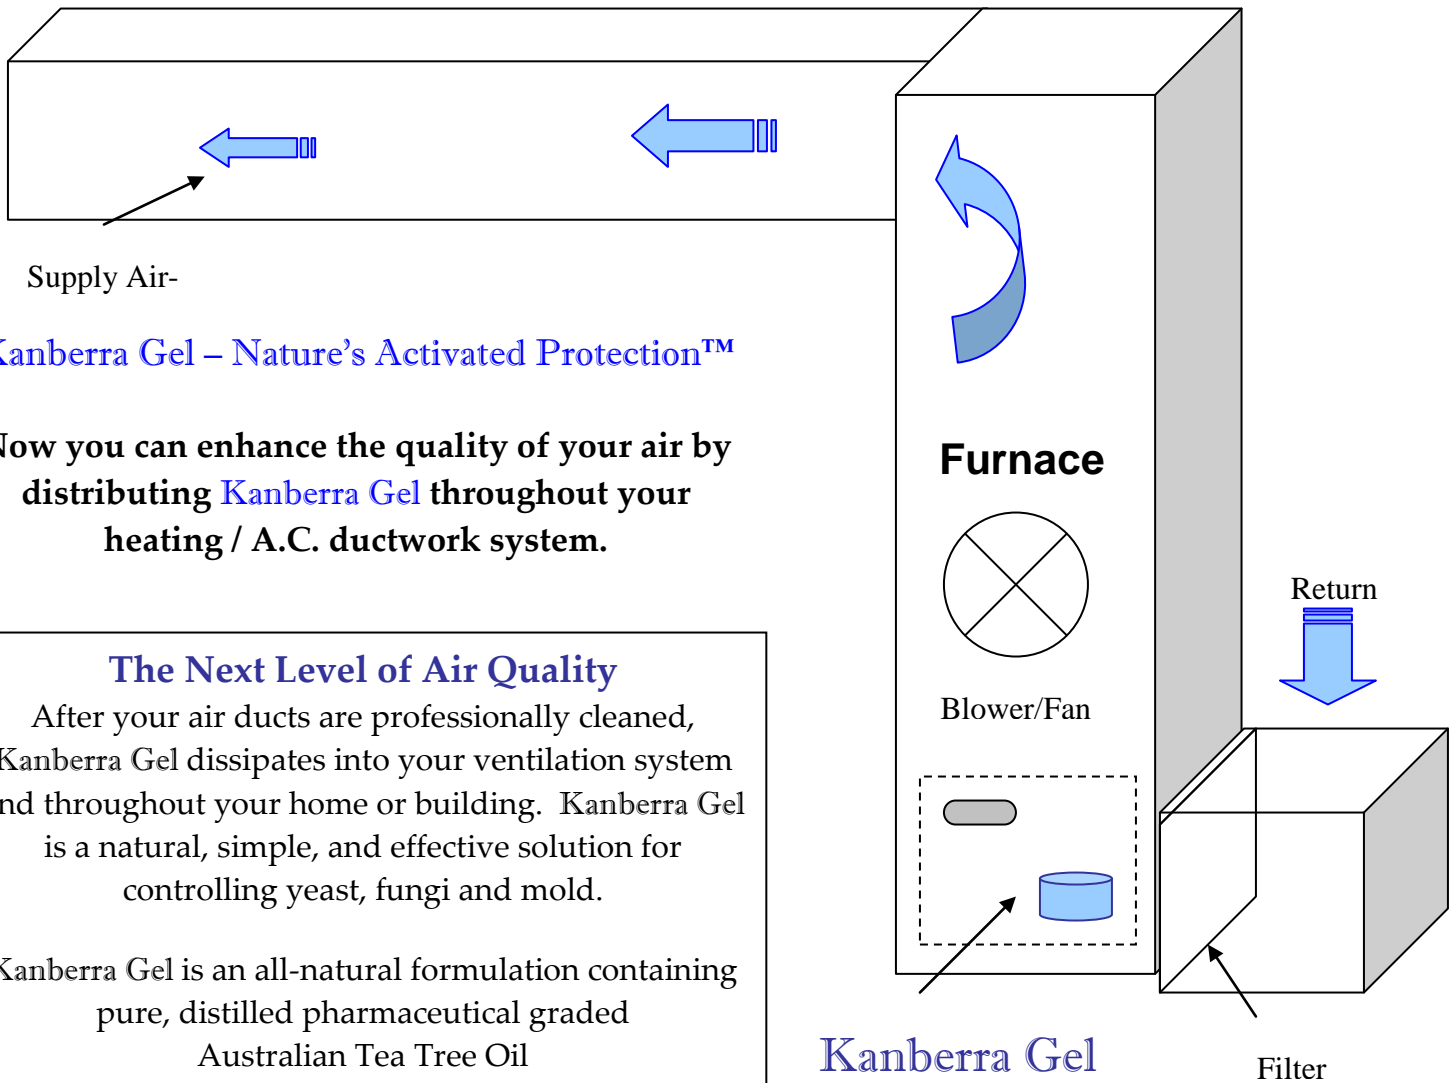

Bacteria

Bacillus subtilus 0.3 – 0.4
 Corynebacterium spp. 0.2 – 0.3
 Micrococcus luteus 0.2 – 0.3
 Propionibacterium acnes 0.4 – 0.5
 Methicillin Resistant
 Staphylococcus aureus 0.2 – 0.3
 Staphylococcus epidermis 0.5
 Enterococcus faecalis 0.5 – 0.75

Aspergillus flavus 0.4 – 0.5
 Piryrosporom ovaes 0.2
 Trychophyton rubrum 1.0

Fungi & Yeasts

For Air Handler Installation:

Kanberra Gel – Nature’s Activated Protection™

Now you can enhance the quality of your air by distributing Kanberra Gel throughout your heating / A.C. ductwork system.

The Next Level of Air Quality

After your air ducts are professionally cleaned, Kanberra Gel dissipates into your ventilation system and throughout your home or building. Kanberra Gel is a natural, simple, and effective solution for controlling yeast, fungi and mold.

Kanberra Gel is an all-natural formulation containing pure, distilled pharmaceutical graded Australian Tea Tree Oil in a solid bio-degradable gel composition.

Tea Tree Oil is the essential oil obtained by steam distillation of the leaves of *Melaleuca Alternifolia*, which is a native species found in Northern New South Wales, Australia.

Tea Tree Oil is known as a broad spectrum fungicide/germicide/biocide, which is effective against a very wide range of bacteria, yeasts, mold and fungi at very low minimum inhibitory concentrations.

Tea Tree Oil is a completely natural product obtained from a renewable resource.
